# Key data: Business data

James Scott and Beate Lichtwardt  
UK Data Service  
University of Essex

Webinar, 15 November 2018

---

Can you hear us?

---

# Can you hear us?

If not:

- Check your volume, and that your speaker/headset is plugged in
- Your invitation also included a phone number; you can call that to listen in

---

# Introductions

**Beate Lichtwardt**  
Senior Training and  
Support Officer  
(Secure Lab)

**Christine Woods**  
Senior Support Officer  
(Secure Lab)

**James Scott**  
Senior User Support  
and Training Officer  
(Secure Lab)

---

# What we will cover today

1. Business survey areas and data available
2. Examples of research
3. Structure of the datasets
4. How to apply to access these data
5. Access to international business data via the UK Data Service

- Questions at the end
- You will be on mute throughout – we can't hear you

---

# Business Microdata

- ONS conducts a range of business surveys
- Majority are collected under statute and are compulsory
- Some data for most business organisations in the UK
- Data are divided into 'reporting units', 'enterprises' and 'local units' (more later)
- Postcode-level, low-level geographies
- Business data can be linked together (more later)

---

## Business survey areas

**Innovation,  
research and  
development**

**Earnings and  
skills**

**Productivity  
and  
Employment  
relations**

**International  
trade and  
foreign direct  
investment**

**Environment**

---

# Innovation, research and development

- E-Commerce Survey, 2001-2015
- IIA: Investment in Intangible Assets Survey, 2009-2010
- BERD: Business Expenditure on Research and Development, 1994-2016
- UKIS: UK Innovation Survey, 1994-2016

---

# UKIS: UK Innovation Survey, 1994-2016

- Europe-wide Community Innovation Survey
- Main source of information on business innovation in the UK looking at:

*‘Major changes aimed at enhancing a firm’s competitive position, performance, know-how, or capabilities’* e.g. new or significantly improved goods, services or processes for making or providing them

- Based on UK businesses with more than 10 employees
- Approx. 16,000 enterprises

---

# UK Innovation Survey: Some of the types of innovation covered:

- Computer software
- Computer hardware
- Internal R & D
- Training
- Changes or product or service design
- Changes to marketing methods
- All forms of design
- Launch advertising
- Market research
- Advanced Machinery
- Acquisition of external knowledge
- External R & D

---

## UKIS based research topics

- ***Skilled Immigration and Strategically Important Skills in the UK Economy*** by George, A. *et al*, 2012
- ***Persistence and Change in UK Innovation 2002-2006*** by Department for Innovation, Universities and Skills, 2008
- ***Is Money All? Financing Versus Knowledge and Demand Constraints to Innovation*** by Pellegrino, G. and Savona, M., 2013
- ***Universities as Sources of Information: Comparing the Role of 'Open Innovation' and Companies' Motivations*** by Volpi, M., 2014
- ***Private and External Benefits from Investment in Intangible Assets*** by Giovanetti, E. and Piga, C., 2014

---

# Earnings and Skills

- New Earnings Survey (1986-2002 / 1975-2016)
- Occupational Pension Scheme Survey 2006-2015
- Monthly Wages and Salaries Survey 2000-2018
- National Employer Skills Survey 1999-2009
- Scottish Employer Skills Survey 2008 - 2010
- Annual Survey of Hours and Earnings 1997-2017

---

# Annual Survey of Hours and Earnings 1997-2017 (ASHE)

- 1% sample of working individuals aged 16+ (approx. 140,000 – 185,000 per year) from NI records
- Can construct panel dataset
- Replaced New Earnings Survey which goes back to 1975
- Employer completes so data on wages and hours considered more accurate than some surveys (e.g. Labour Force Survey)

---

## ASHE based research topics

- ***Driving up Wages: The Effects of Road Construction in Great Britain*** by Sanchis-Guarner, R., 2012
- ***Industry Knowledge Spillovers: Do Workers Gain from their Collective Experience?*** by Riley, R., 2010
- ***Incentive Pay: How Important is it and Does it Work?*** by Bryson, A. *et al*, 2012
- ***Productivity, Investment and Profits During the Great Recession: Evidence from UK Firms and Workers*** by Crawford, C. *et al*, 2013

---

# Productivity and Employment Relations

- Annual Respondents Database 1973-2008 (ARD) and Annual Business Survey 2008-2016 (ABS)
- Business Structure Database 1997-2017 (BSD)
- Monthly Production Inquiry 1997-2009 (MPI)
- Workplace and Employment Relations Survey 1998-2011 (WERS)

---

## Annual Respondents Database 1973-2008 (ARD) and Annual Business Survey 2008-2016 (ABS)

- Can see differences in productivity between firms with different organisational structures
- Employment, turnover, purchases, capital and other expenditure and income across sectors
- Over 100 key economic variables
- Data in two parts, employment record and financial information (ABS – financial only)
- Various geographies down to postcode

---

# Annual Respondents DatabaseX 1998-2014

- Deposited summer 2016
- Created by researchers at ONS Virtual Microdata Laboratory (VML) and University of the West of England
- Allows users of ARD to continue analysis even though the *Annual Business Inquiry* (ABI) which was used to create ARD ceased in 2008. ARDx contains harmonised variables from 1998 to 2014.
- More information on our website

---

## ARD based research topics

- ***How do Firms' Outward FDI Strategies Relate to their Activity at Home? Empirical Evidence for the UK*** by Simpson, H., 2010
- ***The Impact of the National Minimum Wage on Firm Behaviour During Recession*** by Riley, R. and Rosazza Bondibene, C., 2013
- ***Regional Selective Assistance (RSA) in Scotland: Does it Make a Difference to Plant Survival?*** By Moffat, J., 2013
- ***Migration and Productivity: Employers' Practices, Public Attitudes and Statistical Evidence*** by Rolfe, H. et al, 2013

---

# Business Structure Database 1997-2017 (BSD)

- Employment turnover, SIC, legal status, foreign ownership, birth and death codes
- Data divided into 'enterprises' and 'local units' (more on this later)
- Up to 4 million 'enterprises' and up to 5.5 million 'local units'
- Government Office Regions (GORs) and postcodes

---

# Monthly Production Inquiry 1997-2009 (MPI)

- Turnover, export turnover, employees etc.
- Provides 75.5% of the current price turnover data used in the compilation of Index of Production (IoP)
- Provides over 90% of the data used to estimate the number of employees in the production industries

---

# Employment relations

## **Workplace and Employment Relations Survey, 1998-2011 (WERS)**

- Cross-Section Survey of Managers
- Cross-Section Survey of Employee Representatives
- Cross-Section Survey of Employees

---

## WERS based research topics

- ***Two perspectives on multiskilling and product-market volatility***, by DeVaro J, 2011
- ***Disability and earnings: are employer characteristics important?***, by Jones M and Latreille P, 2010
- ***Workplace Performance, Worker Commitment and Loyalty***, by Brown S, McHardy J, McNabb R and Taylor K, 2011
- ***Understanding the Gender Pay Gap: What's Competition Got to Do with It?***, by Manning A and Saidi F, 2010

---

# International Trade and Foreign Direct Investment

- Annual Inquiry into Foreign Direct Investment 1996-2016 (AFDI)
- International Trade in Services 1996-2016 (ITIS)

---

# Annual Inquiry into Foreign Direct Investment (AFDI)

- Info on UK companies and their foreign affiliates
- Inward FDI relates to foreign investment into the UK
- Outward FDI relates to investment by UK-based companies overseas
- Approximately 8,000 – 21,000 enterprises for outward FDI, and 2,000 – 35,000 for inward FDI

---

# Environment

- Quarterly Fuels Inquiry, 1998-2015
- DECC Low Emissions R&D Survey, 2008

---

# DECC Low Emissions R&D Survey, 2008

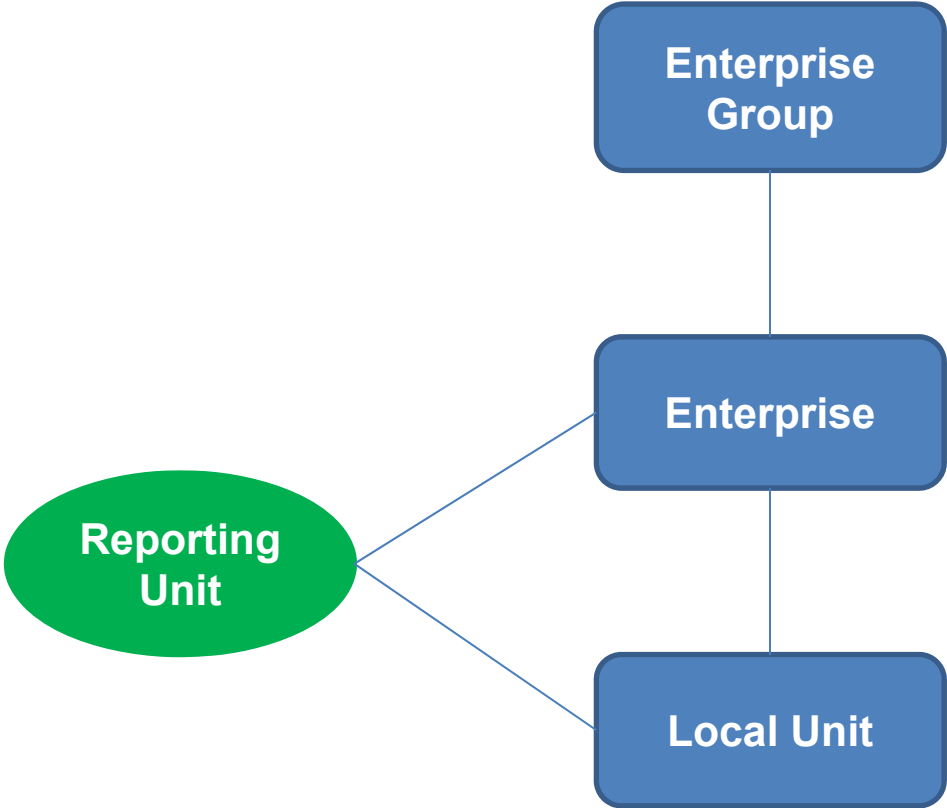

- Main focus is on businesses R&D aimed at reducing greenhouse gas emissions
- Expenditure on low emissions R&D, trialling and deploying the material, product, or process in a working environment on a pre-commercial basis
- Support from government incentives
- Lower energy consumption and renewable energy

---

# Structure of the datasets

# How are the datasets structured?

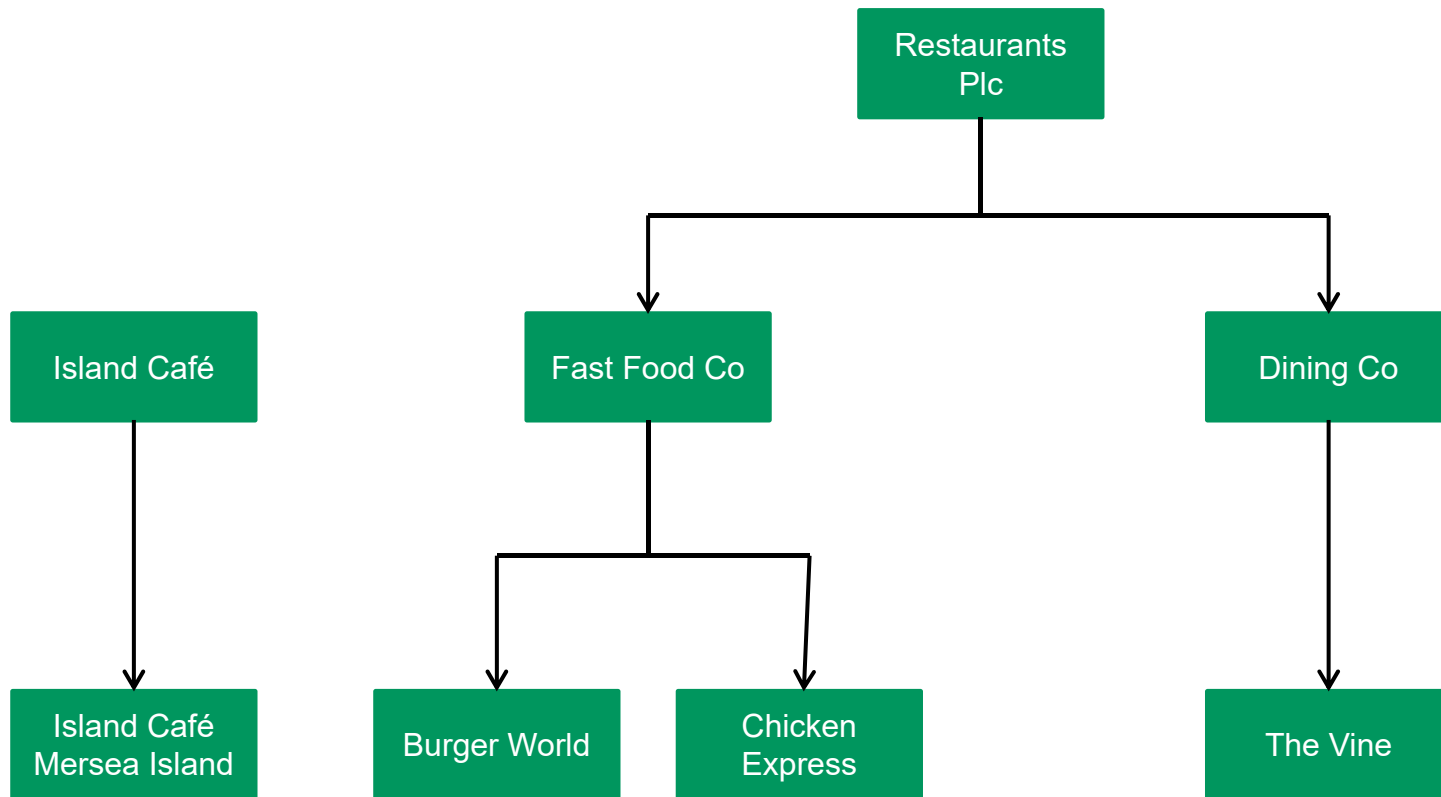

Adapted from ons.gov.uk

# ONS IDBR business data identifiers

Enterprise group

Enterprise

Local units

Fake company data

---

# Examples of Data Linked

Some of the most common linkages:

- Annual Survey of Hours and Earnings (ASHE) to Workplace Employment Relations Survey (WERS)
- Business Structure Database to UK Innovation Survey
- Annual Respondents Database to WERS
- ASHE to Employer Skills Survey

Permission from data owner required to link datasets

---

How to apply to  
access these data?

---

# A Four Step Application Process

1. Find the dataset you wish to use
2. Apply for use through UKDS
3. Complete an Accredited Researcher application form
4. Attend a training course

## Key data

Browse our most popular datasets, by data type.

UK surveys	Cross-national surveys	Longitudinal studies	International macrodata	Census data
<b>Business microdata</b>	Qualitative / mixed methods	Administrative data		

SHARE ↗

The UK Data Service provides access to a large collection of business microdata, provided by the Office for National Statistics. These data are relatively identifiable, and can therefore be accessed through the [Secure Lab](#) route.

The data are collected through a wide range of surveys (and some administrative sources), and cover:

- productivity
- innovation
- workforce skills
- earnings
- international trade
- foreign direct investment
- research and development
- business demography
- industrial relations

Almost all of the data are collected using the sampling frame of the Inter-Departmental Business Register. It is therefore possible to combine data for the same company from two or more surveys, increasing the range of research and hypotheses that can be tested.

# Search 1: Find Controlled Business Data

The screenshot displays the search interface of the UK Data Service. At the top, there is a search bar with the placeholder text "Enter search term" and a search icon. Below the search bar, the text "Variable and question bank > QualiBank >" is visible. The interface is divided into two main sections: "STUDIES (7381)" and "SERIES (73)".

On the left side, there are several filter sections:

- Date from:** 1753
- Date to:** 2018
- Refine date** button
- Topic:** (empty text box)
- Data Type:** (empty text box)
- Access:** A dropdown menu with "Controlled" selected and circled in red.
- Country:** (empty text box)

At the top of the results area, a blue banner indicates "Displaying 1 - 10 of 151 results" (circled in red) and "Page 1 of 16". Below this, there are two dropdown menus: "Results per page:" set to "10" and "Sort by:" set to "Most recently released".

The search results list the following items:

- SN 999007 | [Housing management data for Poplar HARCA, 2017: Secure Access, BLG](#)
- SN 8271 | [1971 Census Microdata for Great Britain: 9% Sample: Secure Access](#)  
Office for National Statistics | Extending and Enhancing Historic Census Microdata Project (EEHCM)
- SN 8275 | [1961 Census Microdata for Great Britain: 9% Sample: Secure Access](#)  
Extending and Enhancing Historic Census Microdata Project (EEHCM) | Office for National Statistics
- SN 8302 | [Millennium Cohort Study: NHS Patient Episode Database for Wales, Linked Administrative Datasets: ICD-10 Codes in Continuous Spells, 2001-2012: Secure Access](#)

# Search 2: Find Your Data (1)

The screenshot shows the UK Data Service website interface. At the top right, there are links for Site search, Accessibility, FAQ, Help, Contact, New users, and Sitemap. Below this is a navigation menu with links for About us, Get data, Use data, Manage data, Deposit data, and News and events. The UK Data Service logo is on the left, and social media icons for LinkedIn, Facebook, Twitter, YouTube, and Instagram are in the center. A Register / Login button is on the right. A large dark blue banner contains the text "Explore the UK's largest collection of social, economic and population data resources". Below this is a search bar with "business innovation" entered, highlighted by a red oval. To the right of the search bar are a close button (x), a dropdown menu for "Search data", and a search icon (magnifying glass). Below the banner, there are two columns: "About the UK Data Service" and "Guides and resources". The "About the UK Data Service" section features a video player showing a red double-decker bus. The "Guides and resources" section lists "Dataset guides", "Topic guides", "Methods and software guides", and "Guides to exploring online", with a "See more" link. A "Video tutorials" section is also present, with a "See our range of training videos" link.

Access

### Access

The Data Collection is to be made available to Registered or Authorised Users.

Commercial Use of data is not permitted.

All requests are subject to a set of Secure Access forms being completed by the User and are subject to the approval of the data owner or his/her nominee.

Requests from users not resident in the UK are subject to agreement by the User to the following additional condition of use: "I agree that although I am based outside the UK, I am working on a project that has a UK based sponsor, I will be able to access the data within a UK based secure environment, and I will be able to provide contact details for this sponsor on any project application.

Access to data is subject to training.

Access is limited to applicants resident in the UK.

The Data Collection is to be accessed remotely through the UK Data Service's secure virtual private network via the researcher's own institutional desktop PC.

You must be a [registered user](#) and [logged in](#) to access this study.

Service

Add these data to your account. (Secure Lab remote access)

---

# Step 3: Become an Accredited Researcher

- Complete the Accredited Researcher form
- UKDS sends your form to the data owner for approval
- Project colleagues should do this too
- REMEMBER: Include as much detail as possible...
  - Professional background (papers, conference presentations)
  - Experience of using micro-data
  - Project description
  - Why you need these data
  - Data linkage

---

## Step 4: Training

- After approval, we'll offer you a range of dates to attend a training course
- Upon successful completion, we'll issue you with Secure Lab account credentials
- Three modules:

**Using the  
Secure Lab**

**Your role in  
data  
protection**

**Statistical  
Disclosure  
Control**

- Not a 'box ticking' exercise – understanding is crucial.

---

# 'Transnational Access to Controlled Microdata'

The diagram shows a map of Europe with several data access nodes highlighted in blue and cyan. The nodes are labeled: UKDS (United Kingdom), ONS (Office for National Statistics), CASD (Central Statistical Data Centre), CBS (Central Bureau of Statistics), GESIS (Germans' Economic Survey Information System), and IAB (Institute for Applied Behavioral Science). Dotted lines connect these nodes, representing the network. The text 'IDAN - International Data Access Network' is centered on the map. To the left of the text is a stylized graphic of horizontal lines of varying lengths, resembling a bar chart or data visualization.

**IDAN** - International Data Access Network

**CASD**
