

Worksheet – Exploring a download bundle task

Go to the Pioneers of Social Research collection (SN 6226, <https://datacatalogue.ukdataservice.ac.uk/studies/study/6226#details>), and find the access study information on the left hand side. You should see an option to download RTF files using the “RTF (30.76 MB)” button.

Access study data

 The Data Collection is to be made available to any user without the requirement for registration for download/access under a [Creative Commons Attribution 4.0 International Licence](#).

Download data directly. (Open UKDA Download)
Click the format in which you want to download the data

RTF (30.76 MB)

Explore these data online using Qualibank

 **Access online**

Once you have downloaded the zipped bundle, find the following:

1. The data listing (available in the mrdoc folder, titled as a “ulist”).
2. The interview guide (available in the mrdoc folder).
3. Find Stan Cohen’s interview transcript (interview transcripts are available in the RTF folder – you can find the file name of Stan Cohen’s interview on the data listing).
4. This is the second edition of this collection. Looking at the read6226.htm file, how many interviews were added to this collection in April 2019?
