Data

Access important Dutch audio-visual collections (radio, television, films, oral history interviews) and contextual material. All available collections and their data are registered in a common inventory.

[CHECKOUT THE DATA](#)

Tools

Use some of the CLARIAH open source tools that allow researchers to perform search, annotation, automatic speech recognition, and other analysis tasks with the available data.

[USE THE TOOLS](#)

Workspace

Functional work space and experimental Jupyter notebooks to work with your corpus and user data (bookmarks, annotations, queries, search sessions, and user collections).

Thematische collectie: Erfgoed van de Tweede Wereldoorlog, getuigen verhalen, project: 'Klimaat en Vrijheid, Engelandvaarders die gebruik maakten van de zuidelijke routes' |

In de Tweede Wereldoorlog vluchtten vele Nederlanders via de zuidelijke route naar Engeland. De reis ging dan via België, Frankrijk, (Zwitserland) en Spanje, vanwaar de oversteek kon worden gemaakt. Sommige Engelandvaarders gingen goed voorbereid op
