About CLOSER

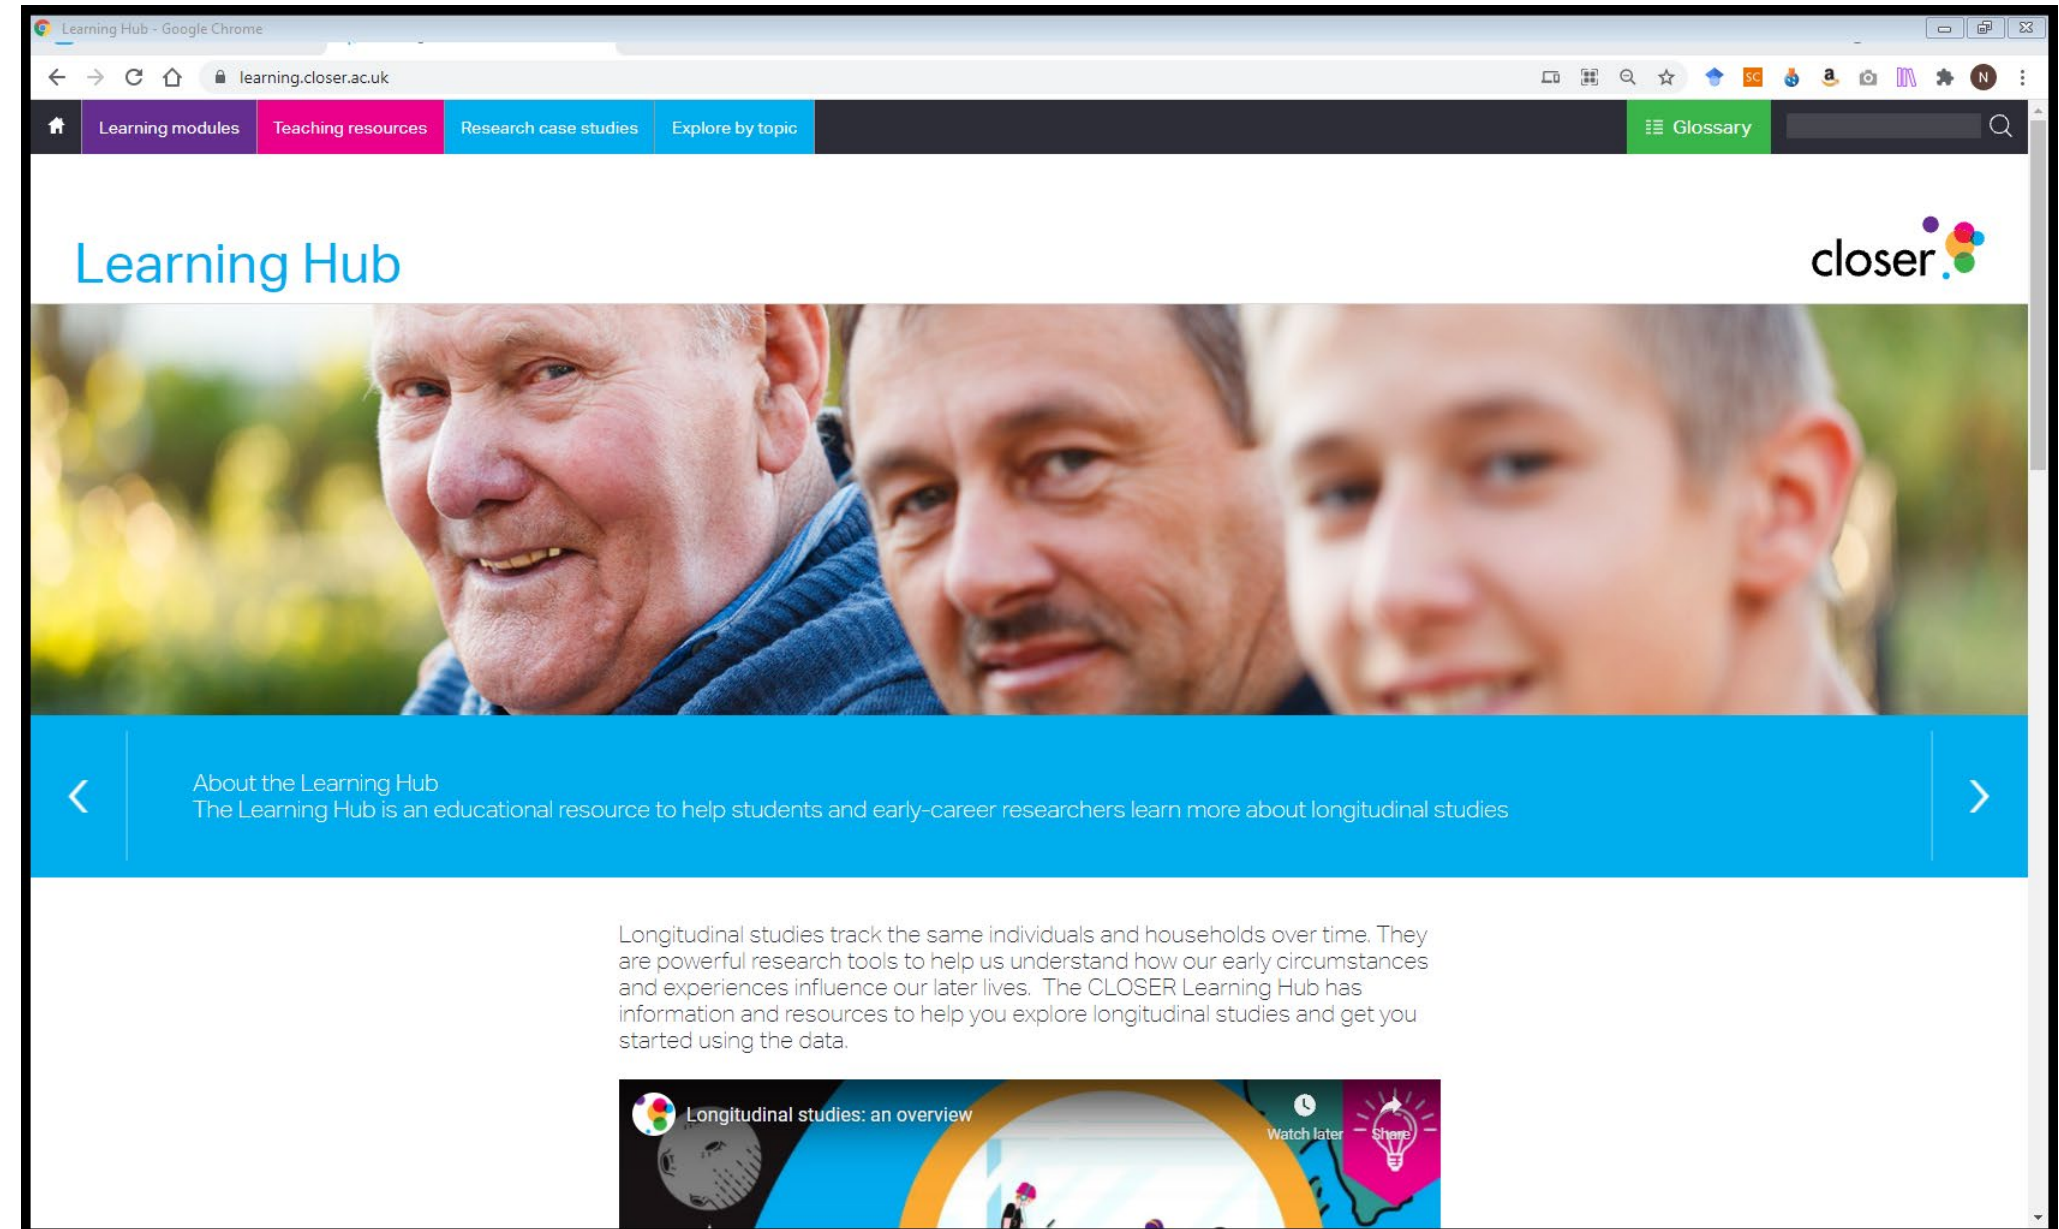

- CLOSER is the interdisciplinary partnership of leading social and biomedical longitudinal population studies, the UK Data Service and The British Library
- Our mission is to increase the **visibility**, **use** and **impact** of longitudinal population studies, data and research
- Our core areas of work:
 - Data Discoverability
 - Policy & Dialogue
 - Training & Capacity Building
 - Project & Partnerships
 - Data Linkage & Harmonisation

What is CLOSER's Learning Hub?

- **Beginner-friendly** – aimed newcomers to longitudinal research, including students, academics and policy analysts and researchers
- It can help you explore the UK's **longitudinal population studies** ...
- ...and put **research skills** into practice
- The information is set out to mirror the **step-by-step** process of answering a research question
- You can use the Learning Hub **think about** :
 - How you can use data from longitudinal or cohort studies in your research
 - What kinds of questions you can answer with this type of data
 - Where you can access data, how you can analyse data and ways of your research
