CLARIAH MEDIA SUITE

Data
Access important Dutch audio-visual collections (radio, television, films, oral history interviews) and contextual material. All available collections and their data are registered in a common inventory.

Tools
Use some of the CLARIAH open source tools that allow researchers to perform search, annotation, automatic speech recognition, and other analysis tasks with the available data.

Workspace
Functional work space and experimental Jupyter notebooks to work with your corpus and user data (bookmarks, annotations, queries, search sessions, and user collections).
