

COVID-19 Data Dive: Exploring the social and economic impacts of the pandemic

Day 1 – 22 October

We will start the day by examining ideas and forming teams around individual project questions. We will then hear presentations on the COVID-19 data and their parent studies accessible through the UK Data Service. Each team will have a data facilitator who will help and advise on the projects throughout the day.

09:30	Get yourselves online	Zoom
09.45	Welcome! Introductions and structure of the Data Dive	Zoom
10.05	Introduction to Miro post-it ideas board Activity 1: Review and add to ideas board	Zoom
